Our Business is "Growing"

VOS True-to-Name: GLADIOLI, NARCISSI, DARWIN TULIPS, SPIRAEA, BLEEDING HEARTS

We wish to express our thanks to our thousands of old and new customers in the States, Canada and Australia for their splendid patronage during the season of 1925-1926.

We especially feel grateful to many of our customers that have recommended us to their friends.

May we ask you for the same good will during the season again before us? We will try to please. Our many years' experience is yours.

We guarantee all bulbs True-to-Name, high crowned, young stock, no flowers cut for commercial purposes, and free from disease.

A Word About Our New Varieties

We introduce to our friends a few new varieties of our own hybridization. You have seen the popularity of some of our recent introductions, e. g., Chateau Thierry, Mrs. Peter Vos, Wolverine, General Joffre, Miss Christina Treur, Orange Prince Vos, Maine, John M. Good, Morning Glory, Nebraska, Primulinus Hybrids, Radium and others. See pages 8 and 9.

We have only a very limited supply, not exceeding 300 of each variety, and it will be several years before we can supply them in quantity.

Some of these new ones will be leaders as soon as they become better known. Order now before supply is exhausted. Prices reasonable.
